Thank you Mike. Could you please cc me on what you send to Joe and PC?

Also, Region 5's staff have already made arrangements with one of the schools for use of their space for a public meeting, but we thank you in any event for WWW's offer. Was there any particular reason for pushing the proposed date back slightly?

Subject: Data and report

Mark Westra at Rose & Westra will be sending out his report on our Round 2 investigation. Mark will email the report without some of the voluminous lab reports (the data tables will be included with the email) and he will overnight the full documents (with all the lab documents) to Joe Walczak and PC. Tom, if you want any of those, please let me know and I will get them for you. Tom, I will leave it to you and PC to distribute it to whomever you want at EPA. Mark will be sending a full hard copy to the DEQ District office too and email versions to several persons in the DEQ District Office. He will also be sending a copy to the City.

Please let me know if you have any questions about the report and data.

Mike
